# Welcome to Qualify

## INFORMATION PACK

This guide is provided to students who are completing training with Qualify. This guide provides you with an overview of how your training will progress through different stages of your learning. The process changes depending on what you are enrolling into.

### Qualifications

The first step of your training begins with an enrolment. Prior to enrolling if you have any questions, the office team is always there to assist you. Once you decide to enrol, you will complete the online registration via our website. Once completed, your enrolment will be reviewed, this includes a review of your language, literacy, numeracy and digital (LLND) skills as well as your pre-training review. This is done to ensure the course is right for you.

We will also ensure that we have all your correct contact details and USI.

Once your enrolment has been approved, you will be notified via email and granted access to your online learning. You will need to follow the prompts to create your online e-learning profile.

From here, you have access to our student support team as well as your experienced trainer / assessor that are there to assist you throughout your entire training journey.

## Short courses

To enrol into one of Qualify’s short courses you will complete an online registration. Upon completion of your enrolment, it will be checked for any missing details and your USI.

If you have enrolled into a course that is having a face-to-face training session, you will be sent a SMS the day before the training outlining the details.

If you have enrolled into an online course, you will receive an email prompting you to access your online learning where you will need to follow the instructions to create your online e-learning profile.

## Online e-learning platform

If your course requires you to access online resources, you will receive an email with an invitation to our interactive online e-learning platform. This is where you will access all your training materials including learning resources and assessment tasks. From here you can also access your calendar and trainer session bookings as well as a direct messaging system directly to your trainer.

Once you have a log in, you will have 24-hour access to your training so that you are able to learn at your own pace. At Qualify, we offer nationally recognised qualifications and accredited courses that are tailored to support the individual goals and learning style preferences of our students. We work closely with industry and stakeholders to develop and deliver quality programs that are relevant to industry and link to employment opportunities.

## Unique Student Identifier (USI)

All students are required to provide a Unique Student Identifier (USI) during the enrolment process. Qualify is unable to accept an enrolment without a verified USI.

The USI Transcript Service was activated on 22 May 2017. USI account holders can now use their USI to access their national training record online in the form of a USI Transcript. Qualify cannot access your transcript without your permission. To give Qualify permission to access your transcript, please email administration. You can allow training providers to view your transcript online by logging into your USI account. This allows us to see your accredited learning since 2015 and may assist in the process of RPL or CT.

If students have previously completed any qualification or a single unit of competency since 2015, then a USI should already exist. To locate your USI, use this link. <https://www.usi.gov.au/training-organisations/using-usi-registry-system/existing-usi-search-locate-usi>

If you need to create a USI, you can do so using this link. <https://www.usi.gov.au/your-usi/create-usi>

You will need your identification to create a USI so please make sure you have one form of identification (ID) from the list below.

- Australian Passport
- Visa (with Non-Australian Passport) for international students
- Birth Certificate (Australian) \*please note a Birth Certificate extract is not sufficient

## Credit transfer

Credit transfer is a process that provides students with agreed and consistent credit outcomes for components of a qualification based on identified equivalence in content and learning outcomes between matched qualifications.

Credit transfer is considered when you can provide a Statement of Attainment that includes the completed units where you received a competent marking. To apply for a credit transfer, you are required to provide Qualify with the Statement of Attainment or your USI transcript listing the completed units.

Qualify holds the right to verify the authenticity of the Statements of Attainment provided by contacting the RTO that issued the statement. Upon reviewing your request, you will then receive an altered training plan if any credit transfer has been approved. You will not be charged for credit transfers.

If you wish to apply for credit transfer, please mention this at the beginning of your enrolment and email supporting documents to [programs@qualify.edu.au](mailto:programs@qualify.edu.au) outlining your request.

All students are assessed against the unit requirements. This means your assessment is competency based. All your results will sit within your online e-learning system and upon completion will be listed in a Statement of Attainment and record of results.

A variety of assessment activities have been developed by Qualify to address the skills and knowledge against each Unit of Competency that must be achieved to be successful in completing your qualification or short course.

At the commencement of each Unit of Competency, the trainer/assessor will identify what assessment(s) must be completed. All online assessments will be submitted through the Qualify online learning system.

- Assessments may consist of any, and all, of the following:
- Workbook Activities
- Theoretical tests including quizzes, multiple choice and short answer formats
- Written assignments
- Research and projects
- Roleplays
- Practical demonstration either on-site, in a simulated environment or video

## Resulting Codes

Students will receive one of the results below for each unit of competency/module.

|                               |     |                     |     |
|-------------------------------|-----|---------------------|-----|
| Recognition of Prior Learning | RPL | Competency Achieved | CA  |
| Credit Transfer               | CT  | Not Yet Competent   | NYC |

Where a student's assessment is deemed as Not Yet Competent (NYC), the trainer/assessor will liaise with the learner to explain the reasons for the result and offer advice as to where the student can target further training or study. The student may be required to re-enrol in the unit to repeat the learning activities. This may incur a fee. You can submit the same assessment up to three times before re-enrolment.

## Complaints

Qualify has a defined and transparent Complaints and Appeals process sufficiently broad to cover its activities. Qualify will ensure student’s Complaints and Appeals are recorded, acknowledged and dealt with fairly. The procedure provides the mechanisms for students to have their Complaints and Appeals addressed efficiently and effectively, and by an independent party if necessary.

Complaints arise when a client is not satisfied with any aspect of the RTO for example:

1. Procedures
2. Quality of a product or service provided by Qualify
3. Trainers/ Assessors, staff or other students

Where possible, non-formal attempts shall be made to resolve the student’s complaint. Qualify encourages open communication in an environment of trust. Therefore, any student with a complaint is encouraged to raise the matter directly with the party concerned in an attempt to resolve the issue.

To ensure a record of the informal complaint is maintained, all details of the informal complaints must be emailed to the General Manager – Operations. They will update the Complaints and Appeals Register accordingly. The General Manager – Operations will identify the potential causes of the complaint and take appropriate corrective action to eliminate or mitigate the likelihood of reoccurrence.

Any member of staff can be involved in the informal process to resolve issues, but if the student wishes to place a formal complaint, then the following procedure must be followed:

1. Any student, potential student or third party may submit a formal complaint to Qualify with the reasonable expectation that all complaints will be treated with integrity and privacy. There is no cost for the complaints process unless it is referred to an independent party for resolution.
2. Complaints are directed to the General Manager – Operations, who either investigates them or refers them to the relevant supervisor. If there is any conflict of interest (e.g., if the complaint is about the conduct of the General Manager – Operations then the complaint is referred to the CEO).
3. A student or client who wishes to submit a formal complaint can do so by completing the ‘Complaints and Appeals Form’ located on the Qualify website, or they can obtain a copy of the form from the Qualify office or Trainer/ Assessor.

## Safety online

Qualify expects our learners to accept shared responsibility to conduct themselves in a manner consistent with Qualify’s values and guiding principles to maintain a safe harmonious environment (see Qualify Student Code of Conduct found on the Qualify website). Whilst Qualify management will take all reasonable steps to ensure a safe online learning environment for learners, Qualify students should ensure they take reasonable steps to protect themselves while studying online.

Qualify students should ensure they know how to stay safe when studying online, undertaking internet research, and when accessing and participating in online study activities by ensuring they follow the following practices:

- Being aware of websites accessed
- Blocking cyber bullies
- Logging out of sessions, especially on public computers
- To not share personal information over the internet, including login details and passwords
- Creating a strong password for access
- Always downloading from a trusted source.

Students are cautioned to remain aware that all social media sites can be used for abuse and harassment.

## eSafety

The Australian Government’s eSafety commissioner has created an online safety resource at [www.esafety.gov.au/young-people](http://www.esafety.gov.au/young-people). This resource is relevant to all students regardless of age. It covers many topics from banter vs bullying to violent or inappropriate content. The eSafety guide introduces commonly used games, apps and social media sites and lets you know how to find the privacy settings, how to change them and where to report inappropriate content.

When on social media only reveal details about yourself that are not harmful if they become public. Ask yourself before posting anything - would tell this to your grandmother? If the answer is no, then it is probably better not to post it. Following is a link to the eSafety website. [Know the warning signs of technology-facilitated abuse and stalking](#)

Please learn to call out bad online behaviour and support your Qualify peers if they experience bad online behaviour in our online workshops or discussion forums.
